Shelter-in-Place for Flooding/Flash Flooding

For all structures:

If the floodwaters rise to a dangerous level:

- Go to the highest level of the building or onto the roof if necessary.
- Do not climb into a closed attic—you may become trapped by rising flood water.
- Call 911.

Take your go-bag and critical documents with you.

Shelter-in-Place for Flooding/Flash Flooding

Take Additional Safety Measures

Go inside as quickly as possible.
Bring any pets indoors.

If told to evacuate, do so immediately.

- Do not drive around barricades.
- Stay off bridges over fast moving water. Turn around. Don't drown®
- If your vehicle is trapped in rapidly moving water, stay inside. If water

is rising inside the vehicle, get on the roof and call 911.

Use a generator or other gasoline—powered machinery *ONLY outdoors* and 20 feet from the house and away from windows.

Listen for current emergency information and instructions.
