

Preliminary Damage Assessment Report

Havasupai Tribe – Flooding FEMA-4840-DR

Declared October 25, 2024

On September 20, 2024, Chairwoman Bernadine Jones requested a major disaster declaration due to flooding during the period of August 22-23, 2024. The Chairwoman requested a declaration for Individual Assistance, Public Assistance, and Hazard Mitigation for the Havasupai Tribe. During the period of August 29 to September 2, 2024, joint federal, tribal, and local government Preliminary Damage Assessments (PDAs) were conducted in the requested areas and are summarized below. PDAs estimate damages immediately after an event and are considered, along with several other factors, in determining whether a disaster is of such severity and magnitude that effective response is beyond the capabilities of the tribe and the affected local governments, and that Federal assistance is necessary.¹

On October 25, 2024, President Biden declared that a major disaster exists in the Havasupai Tribe. This declaration made Individual Assistance requested by the Chairwoman available to affected individuals and households in the Havasupai Tribe. This declaration also made Public Assistance requested by the Chairwoman available to the Havasupai Tribe. Finally, this declaration made Hazard Mitigation Grant Program assistance requested by the Chairwoman available for hazard mitigation measures for the Havasupai Tribe.²

Summary of Damage Assessment Information Used in Determining Whether to Declare a Major Disaster

Individual Assistance

- Total Number of Residences Impacted:³ 21
 - Destroyed - 0
 - Major Damage - 6
 - Minor Damage - 5
 - Affected - 10
- Percentage of insured residences:⁴ 0.0%
- Percentage of poverty households:⁵ 17.0%
- Percentage of ownership households:⁶ 55.0%
- Population receiving other government assistance such as SSI and SNAP: N/A
- Pre-Disaster Unemployment: N/A
- Age 65 and older: 16.0%
- Age 18 and under: N/A

- Disability: 58.0%
- IHP Cost to Capacity (ICC) Ratio: N/A
- Total Individual Assistance cost estimate: \$243,869

Public Assistance

- Primary Impact: Damage to roads and bridges
- Total Public Assistance cost estimate: \$695,800
- Per capita impact:⁷ \$927.73
- Per capita impact indicator:⁸ \$1.84

¹ The Preliminary Damage Assessment (PDA) process is a mechanism used to determine the impact and magnitude of damage and resulting needs of individuals, businesses, public sector, and community as a whole. Information collected is used by the State as a basis for the Governor's request for a major disaster or emergency declaration, and by the President in determining a response to the Governor's request (44 CFR § 206.33).

² When a Governor's request for major disaster assistance under the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended (Stafford Act) is under review, a number of primary factors are considered to determine whether assistance is warranted. These factors are outlined in FEMA's regulations (44 CFR § 206.48). The President has ultimate discretion and decision making authority to declare major disasters and emergencies under the Stafford Act (42 U.S.C. § 5170 and § 5191).

³ Degree of damage to impacted residences:

- Destroyed – total loss of structure, structure is not economically feasible to repair, or complete failure to major structural components (e.g., collapse of basement walls/foundation, walls or roof);
- Major Damage – substantial failure to structural elements of residence (e.g., walls, floors, foundation), or damage that will take more than 30 days to repair;
- Minor Damage – home is damaged and uninhabitable, but may be made habitable in short period of time with repairs; and
- Affected – some damage to the structure and contents, but still habitable.

⁴ By law, Federal disaster assistance cannot duplicate insurance coverage. 42 U.S.C. § 5155 and 44 C.F.R. § 206.48(b)(5).

⁵ Special populations, such as low-income, the elderly, or the unemployed may indicate a greater need for assistance. 44 C.F.R. § 206.48(b)(3).

⁶ Ibid. 44 C.F.R. § 206.48(b)(3).

⁷ Based on State population in the 2020 Census.

⁸ Statewide Per Capita Impact Indicator for FY25, *Federal Register*, October 1, 2024.
