

# Shelter-in-Place for Hurricane

(High Wind, Flooding and Storm Surge)

*if you are in a manufactured or **Mobile Home**:*

**Evacuate** to the nearest shelter site.

**Get out!** Go to the nearest shelter. Manufactured structures such as mobile homes are unsafe during a hurricane.

**Do not** walk, swim, or drive through flood waters.

**Take your go-bag** and critical documents with you.

# Shelter-in-Place for Hurricane

(High Wind, Flooding and Storm Surge)

*If told not to evacuate or it is too late to evacuate and you are in a 1- to 2-Story or Multistory Building:*

**For flood or storm surge danger:**

- Go to the highest level of the building or onto the roof if necessary.
- Do not climb into a closed attic—you may become trapped by rising flood water.

- Call 911.

**For high wind:** Go to a small, interior, windowless room in a sturdy building on the lowest level.

**Take your go-bag and critical documents with you.**

# Shelter-in-Place for Hurricane

(High Wind, Flooding and Storm Surge)

## Take Additional Safety Measures

**If floodwaters rise to a dangerous level**, go to the highest level of the building. Do not climb into a closed attic—you may become trapped by rising flood water.

**Go inside** as quickly as possible. Bring any pets indoors.

**Use** a generator or other gasoline—powered machinery *ONLY outdoors* and

20 feet from the house and away from windows.

**Save** phone calls for emergencies. Use text messages or social media to communicate.

**Listen** for current emergency information and instructions.
